Leading Edge Program Information

Our lab based programming means your children will have unique and fun activities daily.

Challenge Lab: Fun and intellectually stimulating games that will activate students' brainpower and competitive instincts.

Art Enrichment Lab: Hands-on activities that utilize a variety of mediums to challenge students to create in new ways.

Physical Lab: A wide variety of physical challenges and games that will get students moving and playing.

STEM Lab: Engaging and fun activities that foster student interest in Science, Technology, Engineering, and Math.

Reading Lab: Group reading of age-appropriate books led by teachers.

Homework Lab: Time devoted to supporting students in completing that day's assignments.

“

“The teachers are excellent! They are very caring and pay close attention to the children's feelings. We have been so happy with the before and after care our child has received.”

-Family at Lewis Palmer Elementary School

“My son likes after school care and always wants to stay the longest he can so that he can participate in the games and have free time. Teachers are interested in learning the best strategies to support him and the rest of the group and I appreciate the reports I get.”
